LEED CREDIT

Realstone Systems™ is a great way for new construction and renovation projects to gain the points they need for LEED certification. Here are some of the ways we may be able to help you gain points.

In addition to the LEED credits, Hive tiles have also passed the ASTM D5116 and California Specification 01350 VOC testing.

LEED™ CERTIFICATION CREDIT		
Recycled Content (MR)		
4.1	1 point*	REALSTONE™ HIVE TILES AND ANTIQUE WOOD PANELS, contain 90% recycled content, utilizing crushed marble and travertine mixed with resin.
4.2	1 point*	
Air Quality (EQ)		
4.1	1 point*	LOW EMITTING MATERIALS. Realstone™Hive tiles are Low VOC and – contributing to a cleaner environment free of air contaminants harmful to both installers and facility occupants.
4.2	1 point*	
Innovation in Design (ID)		
1.1	1 point*	Realstone™ can help provide the opportunity for projects to be awarded points for exceptional performance above the requirements set by the LEED for New Construction Green Building Rating System and/or innovative performance.

\* Possible point toward attaining LEED credits.
